

STC/Nazareth Summer Science Camp 2011

Scholarship Information

Information:

We plan on offering several scholarships this summer. Scholarships will be awarded on a space-available basis and early applicants will have the best chances. Due to the overwhelming interest, we are instituting the following requirements for all scholarship applicants:

- Only students eligible for free or reduced lunches will be eligible for full scholarships. Partial scholarships may be awarded on a space-available basis for extenuating circumstances.
- There will be limit of 10 scholarships awarded per school. If space is available after the deadline, additional scholarships may be awarded.
- Transportation may be offered to students living in the City of Rochester and receiving a scholarship.
- Students will only be eligible for one week of scholarship.

Application

To be eligible for scholarship consideration, the following must be included in the application packet.

- 1) Completed registration form.
- 2) Letter of application for scholarship and why student is interested in science camp.
- 3) Proof of eligibility for free/reduced lunches.
- 4) Individual letter of recommendation from teacher (preference is for science teacher).
- 5) Submission of completed Code of Conduct form.
- 6) (If city of Rochester resident) notification of where student will need transportation from for the camp week.

Applications must be submitted prior to May 31st to be considered. Scholarships winners will be notified after that date.
