

TELNET AND FTP FROM ON CAMPUS

Telnet using a web browser: `telnet://orion.naz.edu`

Mozilla Firefox: You will get an error box, choose "Launch application" to open the telnet window, login with your Orion credentials.

Internet Explorer: No error message appears, login at the telnet window with your Orion credentials.

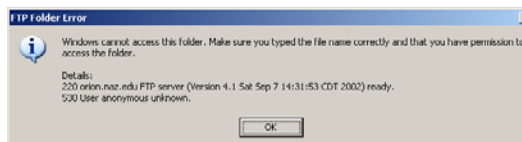

Netscape Navigator: No error message appears, login at the telnet window with your Orion credentials.

Telnet using a command line: Choose Start, choose Run, type

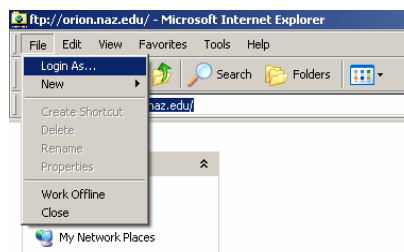

`cmd telnet orion.naz.edu`

FTP: `ftp://orion.naz.edu`

Internet Explorer: You will get an error box, choose "OK".

Then choose, File, Login As, and login with your Orion credentials.

Mozilla Firefox and Netscape: Do not support FTP.
