

Changing Your E-Mail Password

Login to Orion

In any web browser (Netscape, Internet Explorer, and Mozilla) find the field where you would normally type in the URL (http://www.someplace.com) and type one of the following:

If you are on campus: `telnet://orion.naz.edu/`

If you are off-campus: `telnet://gateway.naz.edu:2222`

This will automatically launch the **telnet** program included with Windows. A box will appear on your screen and you will see the login prompt.

```
ULTRIX V4.3A (Rev. 146) (orion.naz.edu)
```

```
login:
```

At the **login:** prompt, type your user name, and press `<Enter>`.

A prompt will appear for your password. Enter your confidential password and press `<Enter>`. You have now logged in to the Orion system.

You will then see a prompt that looks like this: `orion.naz.edu %`

Change Your Password

At the Orion prompt, type `passwd`.

You will be prompted for your old password, then it will prompt you to type in a new password, and finally, you will be prompted for the new password again. The password must be at least 6 characters and have at least one capital letter or number. Please make sure that you remember your password.

If you have any questions please contact the Lab Assistant on duty in Smyth Hall room 85 or call extension **2088**. You may also call the User Support Line at extension **2111** on campus or dial **389-2111** from off campus.
