Choosing a Lender:

You are eligible to borrow Federal Stafford Loans and Graduate PLUS loans from any lender that participates in the Title IV Federal Family Education Loan Program (FFELP). You are eligible to borrow a private education loan from any lender participating in private loan originations. Your choice of lender will not affect the manner in which the financial aid office will process your loan application. We suggest that you consider lenders that have sophisticated student loan capabilities and a tradition of offering quality service to students and families.

As a service to our students who may be undecided on a lender, we share in that our experience the lenders listed above provide quality service. Our recommendation is made solely on an observed history of service; no inducement or payment of any kind has been made by these lenders.
