

Mission Statement

Consistent with the mission of Nazareth College and the mission of the American Physical Therapy Association (APTA), the Nazareth College Physical Therapy Program prepares physical therapists dedicated to lifelong learning, reflection, and accountability, who are grounded in intellectual, ethical, and aesthetic values. As participants in contemporary health promotion and care, the program graduate will possess the adaptive competence, with the ability to apply new knowledge, necessary to provide sound patient care, as well as preventive, educational, administrative, and consultative services that respect individuality.
