Office Coordinator		

TELEPHONE INFORMATION SHEET

SYSTEM DESCRIPTION

The College has its own internal telephone system. Users can dial any on-campus phone by dialing the four-digit extension number from on campus or "389" plus the extension number from off campus. The extension number for your phone appears on the faceplate. If not, it can be obtained by calling the operator (dial 0) and asking for the number. If you do not have a telephone system handbook explaining all of the features of your phone, contact Information Technology Services at ext. 2101. More information can be obtained on the Information Technology Services web pages at: http://www.naz.edu/its/services/telephone_feature_fs.html

DIALING INSTRUCTIONS

Campus Calls (including residence halls)	Dial the extension number
Local Off Campus Calls	Dial 9 + the local number
Long Distance (requires long distance code)	Dial 9 + area code and number

All phones can dial on campus. Most phones can dial off campus. Many phones cannot dial long distance without Nazareth College operator assistance. All long distance calls require a code for dialing. It is not possible to reach an outside operator or information from campus phones. There are pay phones available for this.

VOICE MAIL

Many faculty and staff members are connected to the voice mail system (PhoneMail). PhoneMail allows users to send and receive voice messages. All users should have a handbook and instructions explaining the voice mail system. Questions should be directed to Information Technology Services at ext. 2100.

REPAIRS

If your phone is out of order, call the Nazareth Workorder Hotline at ext. 3490. Indicate the extension, location, and nature of the problem. Pay phone problems should be reported to the switchboard.

MOVES AND CHANGES

If a phone needs to be moved or a feature changed, call Information Technology Services at ext. 2100.

CHARGEBACKS

Departments are charged a monthly equipment charge for each telephone assigned. PhoneMail users are charged an additional monthly fee. Long distance calls are charged to the originating department. An itemization of all long distance calls is prepared monthly for the department director/chairperson.
