

## Quick Reference Guide – Online Budget Submission Capital (Furniture, Equipment and Renovations) and Non-Recurring Operating Expense

### **IMPORTANT CONSIDERATIONS**

- Instructions below are for capital and non-recurring operating expense budget submissions only.
- Capital items are defined as individual items greater than \$2,000 with a useful life greater than one year.
- Non-recurring operating expenses are infrequent in nature and do not meet the above capital thresholds.
- To be considered, each request must include a detailed description and justification of the need, along with outcome and assessment information (*for example, how is this request aligned with Nazareth's institutional goals? How will this request benefit Nazareth, now and in the future? How will we measure whether or not the implementation of this request has been successful?*)
- Renovation projects need to be discussed first with Peter Lana ([plana0@naz.edu](mailto:plana0@naz.edu)) or Michelle Civiletti ([mcivile6@naz.edu](mailto:mcivile6@naz.edu)). The Facilities team can assist with project cost estimates, justifications and rankings.
- Only submit your highest priority requests as there is limited capital, non-recurring and renovation funding available.**
